OIL IN COLVILLE

While digging for gold in the already announced gold rush, it has been reported that the hills of Colville is also filled with crude oil that bubbles from the ground. Oil is prized amongst the scientists who use the substance to power the devices they invent. Any and all able persons are encouraged to travel the easy, well-trodden trail north to Fort Colville for the many opportunities to strike it rich!

WANTED!!! DANNY BOY BLUE

\$500 ALIVE

TAX ON INCOME

The United States government has announced an tax of 3 percent on individual incomes of \$800 or more.. This is the first tax of its kind in the States and President Abraham Lincoln claims the tax is necessary to fund the war with the Confederates of the southern states. The President also claims that this tax will be repealed once the southern states concede back into the United States.
